Things to do each month:

1. Wipe down any interior walls that have hand marks on them.
2. Clean the toilet and floor in the umpires' room.
3. Clean the showers in both the Men's and Ladies' change rooms.
4. Clean glass doors and any windows if they are dirty. Windex is in the plastic storage box in the kitchen storage area.
5. Spray around the cement edging to prevent couch grass getting onto the pitch.
6. Weed or spot spray the front area where the bark chips are at the front.
7. Whipper snip area near the drain outlet on south side of pitch.
8. Sweep and clean all guttering around the pitch area and remove rubbish.
9. Check that drain at Horsham end of pitch is not blocked with leaves and loose turf bits.
10. The vacuum cleaner is in the cleaners' cupboard near the playground door.

Please contact Sally Klinge if there are any issues or items in need of repair.
